Assignment 2.3
Jason Palmeri | CSD200 | Assignment 2.3
(assuming you are already on the website)
Check Login Status:

    If logged in:

        Display Phone Bill

        Display Phone Bill Due Date

        Ask If User Wants to Pay

            If Pay Now:

                Bring to Payment Screen

                Check if Payment Method Is Saved:

                    If Saved:

                        Display Payment Info

                        Allow User to Pay Bill

                        Check if Bill Was Processed:

                            If Processed:

                                Display Success Message

                                Back to Profile

                            If Not Processed:

                                Display Error

                                Go Back to If Saved

                  If Not Saved:

                      Ask to Enter Payment Info

                      Check if Payment Info Is Valid:

                        Valid:

                          Display Payment Info

                        Allow User To Pay Bill

                        Check If Bill Was Processed:

                        If Processed:

                            Display Success Message

                            Back to Profile

                        If Not Processed:

                            Display Error

                            Go Back to If Saved

                      Not Valid:

                        Display Error

                        Go Back To Enter Payment Info

            If Not Pay Now:

                Do Nothing

    If not logged in:

        Ask to Login

        Return to Check Login Status
